TRUST THE NEXT GENERATION

WHAT LEAVING A GIFT IN YOUR WILL
TO RESTLESS DEVELOPMENT WILL
MEAN FOR THE NEXT GENERATION

We don't know the challenges
the next generation will face.
But we know who will be there.

INVEST IN YOUNG PEOPLE

Ten years ago, it would have been difficult to predict the challenges we are facing globally and locally today.

We are living in an increasingly unpredictable world where we can't foresee every challenge that will be faced by the next generation, and it what the right solutions will be for them.

But we know who will be there answering those questions.

The next generation will be leading their communities through whatever challenges threaten them socially, economically and environmentally.

These young people will be creating a better world for all of us: our families, our children and their children in many generations to come.

We know this, because they already are.

From young entrepreneurs setting up sustainable farming businesses to provide for themselves and their communities, to girls paving the way for themselves and their peers to stay out of child marriages and choose their own path in life, to curbing the impact of emergencies like the earthquake in Nepal or the Ebola outbreak in West Africa.

Leaving a gift in your will to the next generation of leaders is an investment that multiplies.

They will be passing the torch and mentoring, training and nurturing more young people to become leaders ready to solve whatever challenges the world may throw at them.

Leaving a gift in your Will to Restless Development's young people is an unparalleled investment in the people who will be there for the issues our world will face in many years to come, and who have the skills, ability and networks to tackle them.

Thank you for considering leaving a gift in your Will to support them.

Young leaders are ending issues in their communities.

Bibek grew up in the rural village Sunsari in Nepal. In Nepal 40% of girls are married before their 18th birthday, and in Bibek's village many children were getting married before the age of 10. With support from Restless Development, Bibek ran a campaign to end child marriage, working with local schools, leaders and networks to deliver sessions on gender equality.

"The biggest achievement of the program is that we have been able to declare Chandbela Village of Sunsari District child marriage free."

Young leaders are lifting themselves out of poverty and supporting others to do the same.

Mwila in Zambia joined Restless Development's Community Savings Group and learnt about finances, business and investments. She set up her business selling fritters, which she uses to support her children to continue their education so that they don't have to leave school early like she did. She felt so strongly about the importance of women like her being financially independent that she now volunteers with Restless Development to support other young women.

"In my community, most women are housewives. I tell them about the importance of a woman being financially independent and how it leads to her entire family being financially empowered."

Young leaders are responding quickly and effectively to the challenges of the day.

Halimatu in Sierra Leone is one of nearly 200 volunteers who are sharing vital public health information to prevent the spread of Coronavirus. Because they are leading in their own communities they are able to listen to, understand and respond to needs in a way that others aren't: Halimatu was delivering hand-washing training but when it became clear that her community lacked enough access to hand-washing facilities, she learnt how to set up tippy-taps (hands free washing stations) and worked with community members to resource them and set them up around the community.

"Seeing the community people smiling after installing the tippy taps was a relief for me, and the bond will forever remain."

TYPES OF LEGACIES

There are a few different ways you can leave a gift in your Will to us if you choose to.

Residuary

This is a % share of your estate. This type of gift is popular because you can make sure your loved ones are taken care of and leave a remaining share to Restless Development, and the gift will keep pace with inflation and the value of your estate. Even 1% of your remaining estate could have an enormous impact for young leaders creating a better world for us all.

Pecuniary

This is a fixed sum of money.

Specific

This is a named item, such as a piece of jewellery, art or property.

Every gift in every Will makes a difference for young leaders, however large or small.

You may wish to discuss the types of gift you can leave and how they affect the inheritance tax you pay with your solicitor.

WORDING FOR YOUR WILL

If or when the time is right for you to leave a gift to Restless Development in your Will, below is some basic legal wording you/your solicitor can use including the necessary information about Restless Development. If your estate is more complex, you may want to seek further advice from a solicitor.

If you'd like to leave a residuary gift

"I give a ...% share of the residue of my estate to...
(see wording below)

If you'd like to leave a pecuniary gift

"I give the sum of £ (words & figures) to...
(see wording below)

If you'd like to leave a specific gift

T"I give my [Describe the gift you wish to leave e.g. my art collection, my jewellery] to...
(see wording below)

Then add this wording:

"Restless Development, 4th Floor, 35-41 Lower Marsh, London, SE1 7RL, registered charity number 1127488 to be used for its general charitable purposes and I declare that the receipt of their Treasurer or other proper officer shall be a full and sufficient discharge to my executors."
